

ProGreen Plus

25-0-4 with EPEC

For consistency and results, Turf Mangers turn to ProGreen Plus Professional Turf Fertilizer with EPEC® controlled- release fertilizer.

EPEC coated nitrogen contains the latest in polymer- coated technology that delivers reliable nutrient release with lower potential for nitrogen loss from leaching or volatilization.

**35% EPEC, 17% AmSul, 20%Organic Micros
2-MONTH FEEDING**

FEATURES

- Reduced likelihood of growth flushes and burn
- Release regulated by soil temperature and coating thickness
- Environmentally responsible with lower potential for nutrient leaching, denitrification, runoff, or volatilization

CONSISTENT. RELIABLE. PRECISE

KEY BENEFITS

- Quick greening
- Provides long-lasting feeding
- Contains biosolids to increase nutrient uptake
- Potash to enhance turf health and root development
- Micronutrients added for optimal growth

25-0-4	SGN	Net Weight	Coverage	Application Rate Per 1,000 sq. ft.	Nitrogen Per 1,000 sq. ft.
	220	50#	12,500	4 lbs.	1.00 lbs.

25-0-4
