

Minigran Pure-O Green

9-3-3

Homogeneous, granular, compound fertilizer in Minigran® form

GUARANTEED ANALYSIS

Total Nitrogen (N).....	9.0%
9.0% Water Insoluble Nitrogen*	
Available Phosphate (P ₂ O ₅).....	3.0%
Soluble Potash (K ₂ O).....	3.0%
Calcium (Ca).....	3.0%

Derived from: Meat and Bone Meal, Hoof Meal, Cocoa Shell Meal, Bone Meal, Feather Meal, Sulfate of Potash

*Contains 9.0% slow release nitrogen from Meat and Bone Meal, Hoof Meal, Cocoa Shell Meal, Bone Meal and Feather Meal

For Professional or Commercial Use Only

Directions for use – Apply only as directed

Minigran Pure-O Green has a wide variety of organic raw materials. The nitrogen in Minigran Pure-O Green is released in a gradual manner by the naturally occurring microbial soil life over a certain period depending on the climate and weather conditions. This results in less leaching. Because of its specific composition, Minigran Pure-O Green is an ideal nitrogen-rich fertilizer for various applications in vegetable and fruit growing, potting soils, ornamental plant cultivation, tree nurseries, laying-out of lawns, sports turf and golf courses. Minigran Pure-O Green is extremely suitable for crops requiring a good and active root system in addition to a continuous growth.

TURF

Application rate

- Sports turfs and golf courses (per application) 355 - 710 lbs/acre
- Lawns (per application) 355 - 710 lbs/acre

The exact rate of Minigran Pure-O Green depends on the needs of the turfgrass, the time of application, the nutritional reserve in the soil and the intensity of irrigation.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/turf and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/turf.

FL Requirements for Fertilizer Use: For applications on Sports Turf, Golf Courses, Parks and Recreation Fields – please comply with the FL DEP Green Industries Best Management Practice guidelines.

MD Requirements for Fertilizer Use: Do not apply this product at more than 0.9 lbs Nitrogen per 1000 sq ft. For use by professional fertilizer applicators.

HORTICULTURE and AGRICULTURE

Application rate

- Potting soil (per application)
 - Basic fertilization 5 - 10 lbs/yd³
 - Basic fertilization of potting soil for seedlings and cuttings 1.5 - 5 lbs/yd³
 - Basic fertilization herbs 5 - 8.5 lbs/yd³
 - Top dressing (on top of the pot) 3 - 7 lbs/yd³
- Field cultivation tree nurseries and ornamental plants (per application)
 - Basic fertilization 890 - 1785 lbs/acre
 - Top dressing 710 - 1340 lbs/acre
- Leaf vegetables and herbs (per application) 445 - 1340 lbs/acre
- Fruiting vegetables and fruits (per application) 890 - 1785 lbs/acre
- Fruit and small fruit (per application) 710 - 1785 lbs/acre
- Ornamental plants (per application) 535 - 1340 lbs/acre

The exact rate of Minigran Pure-O Green depends on the needs of the plant, the time of application, the nutritional reserve in the soil/potting soil and the intensity of irrigation.

Observe all local and state laws regulating fertilizer usage.

Keep out of reach of children and pets. Do not eat or drink the product. Do not use as animal feed. Store in cool, dry conditions. Ideal storage conditions are 32°-86° F and below 70% relative humidity. Close package tightly after each use.

Product advice is intended to be used for informative purposes only and does not imply any commitment or agreement. The instructions for use are based on many years of practical experience and research. Each plant and each cropping system has its own nutritional requirements. The time of application, nutrient reserves in the soil/growing medium and statutory fertilization standards are also important in determining fertilizer application rates. It is advisable (good practice) to always test new product applications on a small scale first. Fertilizers may cause EC to increase and can affect the pH level. All of these factors are essential to consider when using one fertilizer product or when combining different fertilizers. Growing media to which fertilizer products have been added should be used as soon as possible after delivery. DCM USA LLC accepts no liability for consequential damage caused by the use of its products.
