

Minigran Pure-O Platinum

8-2-6

Homogeneous, granular, organic fertilizer with extended release in Minigran® form

GUARANTEED ANALYSIS

Total Nitrogen (N).....	8.0%
8.0% Water Insoluble Nitrogen*	
Available Phosphate (P ₂ O ₅).....	2.0%
Soluble Potash (K ₂ O).....	6.0%
Calcium (Ca).....	2.0%
Sulfur (S).....	2.0%
2.0% Combined Sulfur (S)	

Derived from: Hoof Meal, Meat and Bone Meal, Cocoa Shell Meal, Sulfate of Potash, Bone Meal, Feather Meal

*Contains 8.0% slow release nitrogen from Hoof Meal, Meat and Bone Meal, Cocoa Shell Meal, Bone Meal and Feather Meal

Non-Plant Food Ingredient:

Plant extracts.....10%

For Professional or Commercial Use Only

Directions for use – Apply only as directed

Minigran Pure-O Platinum is an organic fertilizer containing specific plant extracts and is suitable for use in organic production. Thanks to these plant extracts, Minigran Pure-O Platinum has an extra long-lasting action. Depending on the climate and weather conditions, the organic nutrients in this product are released in a gradual manner by the naturally occurring microbial soil life over a certain period. Because of its specific composition and extended release, Minigran Pure-O Platinum is the ideal basic or top dressing for various applications in potting soils and field cultivation; vegetable and fruit growing, ornamental plant cultivation and tree nurseries, landscaping, but is also suitable for laying-out of lawns, sports turf and golf courses. The organic nutrients provide good rooting, stronger plants and less leaching.

TURF

Application rate for lawns, sports turf & golf courses (per application) 300 - 800 lbs/acre

The exact rate of Minigran Pure-O Platinum depends on the needs of the turfgrass, the time of application, the nutritional reserve in the soil and the intensity of irrigation.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/turf and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/turf.

FL Requirements for Fertilizer Use: For applications on Sports Turf, Golf Courses, Parks and Recreation Fields – please comply with the FL DEP Green Industries Best Management Practice guidelines.

MD Requirements for Fertilizer Use: Do not apply this product at more than 0.9 lbs Nitrogen per 1000 sq ft. For use by professional fertilizer applicators.

HORTICULTURE and AGRICULTURE

Application rate

- Potting soil (per application)
 - Basic fertilization 6.5 - 12 lbs/yd³
 - Basic fertilization of potting soil for seedlings and cuttings 3 - 8.5 lbs/yd³
 - Top dressing (on top of the pot) 5 - 12 lbs/yd³
- Tree nurseries, ornamental plants, vegetables & fruit (per application) 535 - 1340 lbs/acre
- Ornamental landscape:
 - Before planting (incorporated in the top layer of the soil) 3 - 5 lbs/yd³
 - Maintenance 350 - 700 lbs/acre

The exact rate of Minigran Pure-O Platinum depends on the needs of the plant, the time of application, the nutritional reserve in the soil/potting soil and the intensity of irrigation.

Observe all local and state laws regulating fertilizer usage.

Keep out of reach of children and pets. Do not eat or drink the product. Do not use as animal feed. Store in cool, dry conditions. Ideal storage conditions are 32°-86° F and below 70% relative humidity. Close package tightly after each use.

Product advice is intended to be used for informative purposes only and does not imply any commitment or agreement. The instructions for use are based on many years of practical experience and research. Each plant and each cropping system has its own nutritional requirements. The time of application, nutrient reserves in the soil/growing medium and statutory fertilization standards are also important in determining fertilizer application rates. It is advisable (good practice) to always test new product applications on a small scale first. Fertilizers may cause EC to increase and can affect the pH level. All of these factors are essential to consider when using one fertilizer product or when combining different fertilizers. Growing media to which fertilizer products have been added should be used as soon as possible after delivery. DCM USA LLC accepts no liability for consequential damage caused by the use of its products.
