WEED & GRASS KILLER

POWERED BY SEA SALT

Proven Bee Safe®

At Earth's Ally, we are committed to protecting our pollinators and offer a complete lineup of Bee Safe® gardening products that have been scrutinized and tested by independent laboratories.

No Harmful Chemicals

Families should not have to choose between products that work and products that are safe around kids and pets. Without using synthetic chemicals, we created a glyphosate alternative that's proven effective.

Made with Recycled Plastic

By 2023, our packaging will be made with Post-Consumer Recycled materials. PCR bottles decrease the environmental impact of packaging, requiring fewer fossil fuels, emissions and water.

Quality Tested

Evaluated and accepted by the Good Housekeeping Institute. The original "Seal of Approval," is one of America's most trusted and influential consumer emblems, helping guide purchasing decisions.

Proudly Made in the USA

Manufactured by Sarasota Green Group and proudly made in America. Our team is passionate about providing solutions for our customers that are safe, effective and responsible.

DANDELION ROOT KILL AFTER 30 DAYS

VISIBLE RESULTS
