MULCH MAGIC

Restores Color To Faded Mulch!

NET CONTENTS: 1/2 GALLON (1.9 LITERS)

U.S. Patent No. 4,932,156

GENERAL INFORMATION

Mulch Magic instantly restores the fresh color to faded mulch when mixed with water and applied with backpack or hand-held sprayers. A 2-5 minute interval between applications (to allow some drying) enhances the appearance and results in a longer lasting color treatment.

Mulch Magic washes off of most green plants without adverse staining. To avoid permanent staining, care should be taken to avoid accidental application to flower petals, buds, concrete, wood, light stones, or other porous surfaces.

RATES

Mix 3-4 oz (90-120 ml) of Mulch Magic in a gallon (3.78 Liter) of water to treat 200-400 square feet (7-14 sq meters). For color consistency, Mulch Magic should be applied in two (2) passes, with the second pass perpendicular (at a right angle) to the first. This significantly decreases skips and streaks. Coverage will also depend on mulch quality and desired color absorption. Higher use rates will impart a darker, longer lasting color. **SHAKE WELL BEFORE USE.**

HOW IT WORKS

MULCH MAGIC is a unique blend of permanent colorants designed to be mixed with water and applied to faded mulch.

For a color similar to:	Use MULCH MAGIC color:
Fresh cedar or pine straw	Bright brown
Eastern hardwood and black mulches	Dark brown or <i>new Black</i>
Redwood mulches	Red

Application should be made at least 30 minutes prior to irrigation or rainfall to prevent wash off. Keep from freezing. Always wear safety goggles and gloves when using this product.

DISPOSAL

Dispose of residue, container, and rinsate according to local, state, and federal laws. Do not re-use this container.

Mulch Magic is a Registered Trademark of Becker Underwood, Inc.

CAUTION

Keep out of reach of children. Do not take internally. In case of ingestion, dilute with water or milk. Consult a physician. In case of eye contact, flush with large amounts of water and consult a physician.

Do not apply to food or feed crops. This product makes no pesticide claims. Any mixing of this product with pesticides or other products should be tested prior to use. Compatibility and synergistic reactions with any tank mixes need to be evaluated by the user and not by Becker Underwood, Inc.

NOTICE: There are no warranties which extend beyond the description on the label hereof. The manufacturer, Becker Underwood, Inc., warrants this product to be as described on the label. The manufacturers' liability on this warranty is limited to return of the purchase price of this product. The buyer assumes all risks and liability resulting from the use of this product, whether used singly or in combination with other goods. The manufacturer neither assumes nor authorizes any person to assume for it any other liability in connection with the sale or use of this product.
